

Capital Management Group

Where Trust And Experience Equals Results

Executive Summary

(Please complete to the best of your ability)

The executive Summary should be about two pages and should be brief, and would normally include objectives and mission of project/company.

First Paragraph should highlight what products/services you offer to market, point by point, the great potential of your company or project.

Objectives and Mission of your business:

Summary of Financial Projections (Estimate) for 3 years:

	Year	Year	Year
Sales			
Cost			
Profit			

Value to your customer:

You must show an investor that your product or service adds value to a current market or customer type.

Capital Management Group

Where Trust And Experience Equals Results

Market Size:

Current Status of your Project:

- Total cost of your project or expansion
- How much funds you require?
- How much amount you will invest from your (you and your partners) own resources

Management Team:

Amount you need over next six months & how you will use the disbursed funds?

Exit Strategy: How and when do you plan to get out your investments:
